MUSEUMS

Museums and Community:
Concepts, Experiences and Sustainability in
Europe, Latin America and the Caribbean

Activities sheet

Designation:

Meeting with the Network of Museums and cultural centers of the region of the Rivers to present and validate the methodology of characterization.

Place:

Cultural Center "El Austral", Valdivia

Date:

May 4 2017

Type:

Meeting

Organisation:

EU LAC team in Chile, Universidad Austral de Chile and the Network

EULAC Museums participation (notice to use in social media and web platform):

One of the main WP for the Chilean team is to inquire about the Museum-Community relationship, based on the case of the Museums Network of the Region of Los Ríos, Chile, identifying the conditions and dimensions that allow its sustainability. This is being done through the characterization of the Network, to identify the conditions and dimensions that will enable the sustainability of the museum-community relationship and define criteria of sustainability based on a deepening phase in some specific cases with key actors in the community.
